01_bruce_fraser theme_modified_3	Sharp on object with enough 'fall-off' to show the drone, but visually disengage the background. The message portrayed is effective, however the person in the background had their head chopped at the forehead and perhaps the drone could be a little lower in the framing? Great effort / good concept.	Silver
04_pamela_punshon theme_modified_2	<p>A comical take with a family member sitting in the back yard with his mates. This image portrays evidence of a storyline however this is not strong. The yellow ducks add an effective layer to the image and certainly makes one smile.</p> <p>There is evidence of photographic artistic skill and visual communication.</p> <p>Improvements:</p> <ol style="list-style-type: none">1. Consider portraying a stronger storyline, as this is not strong. If the male portrait were feeding the ducks, the message would have been stronger.2. Consider removing the umbrella does it does not belong within this Bali environment. <p>Overall this is an effective image and worthy of a bronze.</p>	Bronze
